POMEROY PARTNERS
for Healthy Families

Summer 2025

GROWING THE POSITIVE

By working together as a community, we can ensure that every teen has the chance to reach their full potential!

Did you know that 81%* of Pomeroy adults DON'T approve of underage drinking? Research shows that kids allowed to drink at home are more likely to struggle with alcohol in adulthood. With a healthy environment and supportive adults, our youth can create a healthy and happy future.

ABOUT US

Pomeroy Partners for Healthy Families is a community-led youth substance use prevention & mental health promotion coalition. Pomeroy Partners was formed in 2013 as the PACE Coalition, when our community was identified as having an above-average rate of youth substance use compared to other communities in Washington.

OUR MISSION

As a coalition, we strive to empower youth and families, promote mental well-being, and reduce substance use, in collaboration with our community partners
